

OUR RAIL SERVICES

**COMPLETE METAL WORK
SOLUTIONS UNDER ONE ROOF**

WHO WE ARE

Structural Fabrications Ltd was formed in 1993 to supply fabrication, engineering and all structural steelwork to industries.

Today we offer an all-in-one solution including design, consultation, manufacture, installation and maintenance of projects from our headquarters in Derby.

OUR MISSION

To be the leading supplier in structural steelwork

At Structural Fabrications Ltd our goal is to be the number one supplier of engineering, fabrication and structural steelwork products and services in the industries we operate.

We depend on the knowledge, skills, expertise and strengths of our people and therefore promise to reward them with competitive wages, safe employment, great workplace benefits and a strong approach to career development.

We practice ethical and social responsibility in respect of our customers, work force, suppliers, community and the environment, always taking these factors into account when working on our projects.

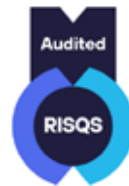

SFL managing director, **Suj Kang**
